L. Kulowiec shared that Covanta has a new app, Crane Game. Description from the app store: *“Climb into the hot seat of an Energy-from-Waste Facility crane operator and be the master of your own waste bunker domain as you maneuver your crane to fill the combustor with waste so it can be turned into energy. Avoid obstacles like propane tanks, bags of recyclables and tires that shouldn’t be combusted. Be “GREEN” by scoring extra points for recycling metal. As you complete each level, the waste heaps come faster so keep your crane movin’ and waste combustin’ to reign supreme in the realm of renewable energy production.”*

C. Reedy shared that Public Work Directors and Transfer Station Operators met Tuesday, March 12th to interview e-waste vendors who had submitted an RFP to HRRRA. C. Reedy will send the results out by the end of the week.
