# MARKET ANALYSIS

#### Prices rise for key curbside bale types

by RecyclingMarkets.net Staff

OCC, mixed paper and polyolefin container prices continued their upward climbs last month.

The following prices reflect values seen on the Secondary Materials Pricing Index on RecyclingMarkets.net in mid-May 2023.

The national average price for **corrugated containers (PS 11)** was up another \$4, reaching \$43 per ton. The major waste and recyclables haulers, as well as paper mills, have reported seeing a consistent rise in the value of corrugated cardboard in recent months. The gradual increase comes after prices fell off a cliff during the latter half of 2022, when OCC plunged from \$131 per ton in July to \$29 in December.

**Mixed paper (PS 54)** also followed OCC higher. Up \$3 from April, it was trading for an average of \$11 per ton in May. This price compares with \$70 per ton at the same time last year, however.

Meanwhile, prices for curbside polyolefin plastic containers also increased notably last month.

The national average for **natural high-density polyethylene (HDPE)** from curbside collection programs was up 9% last month, trading for an average of 74.59 cents per pound. This compares with 68.72 cents in April and 54.81 cents in May of last year.

The national average price of **color HDPE** was up by 12% last month, at 16.09 cents per pound, compared with 14.41 cents in April and 29.59 cents in May of last year. Some regions were trading for about 19.00 cents per pound.

Finally, **polypropylene (PP)** was also up. This grade was trading at 10.25 cents per pound last month, compared with 8.19 cents in April. PP was 34.63 cents one year ago in May.

By and large, as of mid-May, other curbside commodity prices were flat from the month prior.

The national average price for sorted, baled **aluminum cans** remained firm month over month, at 71.56 cents. This grade was 93.75 cents per pound in May of last year.

Sorted, baled **steel cans** also remained steady, at an average of \$244 per ton. The price was \$236 per ton in May of last year.

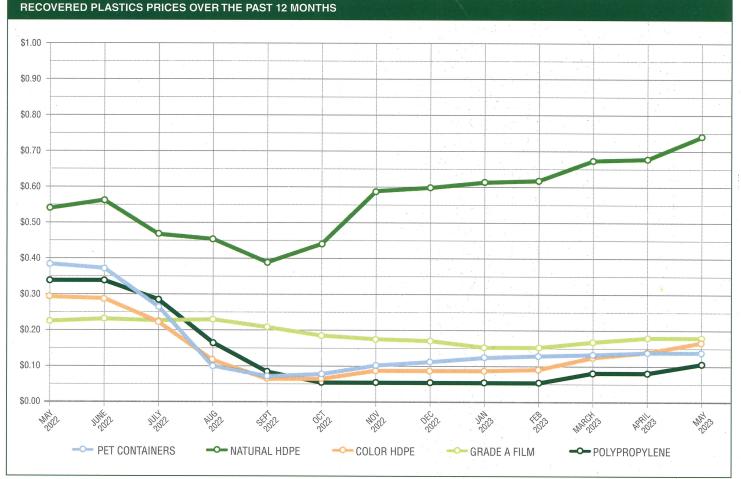

The price of **sorted residential papers (PS 56)** was level, around \$25 per ton. This compares with \$100 per ton one year ago in May. **Sorted office papers (PS 37)** were down again, from \$193 to 178 per ton. This compares with an average of \$220 in May of last year.

**PET beverage bottles and jars** were averaging 14.20 cents per pound, compared to 14.17 cents per pound in April. Some regions were trading as high as 17.5 cents per pound. This grade was trading at 39.56 cents one year ago in May.

The national average price of **Grade A film** remained steady, at 17.44 cents per pound. That's compared with 22.63 cents in May of last year. **Grade B film** was still 7.81 cents, compared with 8.13 cents one year ago in May. **Grade C film** remained at a low 0.5 cents per pound.

These prices are as reported on the Secondary Materials Pricing (SMP) Index. This pricing represents what is being paid for post-consumer recyclable materials in a sorted, baled format, picked up at most major recycling centers.

# Public Comment:

No Public Comment

# **Chairman and Members' Comment:**

- M. Knickerbocker shared that the 2023 legislative session will soon be coming to an end and the Tire EPA bill, and Governors waste bill are expected to be called to the floor.
- B. Henry introduced herself as the HRRA alternate for the Town of Roxbury. ٠

# **Director's and Tonnage Report:**

J. Heaton-Jones reviewed highlights from the written Director's Report and tonnage reports (Attachment A).

- MSW tonnage FY to date is running at 97% and 89% compared to the same month last year.
- Recycling tonnage FY to date is 86% and 80% compared to the same month last year.
- The HRRA has offered support to WestCOG on forming a new Regional Recycling Authority that is being supported by a CT DEEP grant process.
- The HRRA is tracking the legislative bills that are active, including the Governor's waste bill 6664 and the tire EPR bill HB 6486.
- The towns of Bethel, Kent, and Newtown were awarded CT DEEP SMM grants to implement pilot composting and unit-based programs at their local transfer station for a total of \$342,100. The HRRA will receive a grant for a project manager to support the programs.
- HHW Events The HRRA facilitated two HHW events since the last Authority meeting.
  - Saturday, April 15, 2023, Danbury Public Works, the event serviced 967 cars.
  - Saturday, May 13, 2023, Newtown Public Works, the event serviced 637 cars.
  - The next event is scheduled for Saturday, June 3, 2023 at the Bethel High School.
  - J. Heaton-Jones shared concerns regarding towns not sending employees to the HHW events as scheduled. There have been towns who either can not send staff or did not communicate that they were sending staff to the HHW events held in April and May. HRRA staff will conduct a cost analysis on utilizing town employees versus hiring out.
  - A discussion ensued on HHW events and the policy on municipalities failing to provide staff as scheduled.
  - The Chairman requested the HRRA to develop a policy on towns sending town employees to HHW events.

R. Marconi inquired about tracking the MSW and food scraps tonnage at the Ridgefield Transfer Station and Recycling Center. J. Heaton-Jones confirmed the HRRA is tracking the tonnage as part of the USDA grant reporting process.

D. Carter thanked J. Heaton-Jones for her efforts on the CT DEEP SMM grant for the Town of Bethel.

### New Business:

### 6a.) Nomination Committee – Appointed by the Chairman

The Chairman appointed Tara Carr, Rudy Marconi, and Suzanne Von Holt to the 2023-24 nomination committee.

# 6b.) Hauler Enforcement of Non-Compliant Haulers

- J. Heaton-Jones reviewed the outstanding non-complaint haulers, including haulers that refuse to register and haulers that violate town ordinances.
- A discussion ensued addressing the enforcement of haulers who are non-compliant and the lack of support and enforcement from CT DEEP despite their own enforcement policy.
- J. Speck recommended sending a letter to the State from the fourteen HRRA member municipalities.
- The Chairman supported the letter and requested the HRRA staff to draft a letter to present at the next full authority meeting.
- J. Heaton-Jones requested to revise the hauler registration requirements to mandate that every truck be required to have a permit sticker affixed. The purpose is to avoid confusion whether a hauler is or isn't registered/permitted. In addition, it would prevent haulers from avoiding adhering their permit stickers in order to swap permit numbers and avoid fees to access the transfer stations. Vehicles used solely to collect and not for access to the transfer station would not be charged an additional fee for the 2023-24 FY. M. Knickerbocker requested J. Heaton-Jones verify its merit with HRRA legal counsel.

# 6c.) Hauler Insurance requirements for 2023-24 (Attachment E)

J. Heaton-Jones presented the current hauler insurance requirements for auto liability and the proposed changes (Attachment E). The purpose of the change is to allow haulers more flexibility when it comes to insurance coverage. **Motion** by P. Roy, second by J. Speck, to approve the hauler insurance requirements for auto liability to accept one of the following combinations, A.) Schedule 1 (any auto); B.) Schedules 2, 8, and 9 (owned, hired, and non-owned; or C.) Schedules 7, 8, and 9 (scheduled, hired, and non-owned) as presented. **Vote: The motion passed unanimously**; with 65 votes in favor.

#### Old Business

# 7a.) By-law subcommittee report on moving to "one town one vote" (Attachment F)

J. Heaton-Jones shared that the HRRA cannot change the by-laws on the voting structure of the member towns until every HRRA municipality revises their local concurrent ordinances.

The Chairman recommended the Chief Elected Officials bring a resolution to their board of selectman to address and revise local ordinance based on all towns agreeing.

**Motion** by H. Rosenthal, second by P. Roy, to send member towns sample resolution for the Board of Selectman to pass in support of the change to one town one vote. **Vote: The motion passed unanimously**; with 65 votes in favor.

#### Adjournment

Motion by P. Del Monaco, second by S. Von Holt, to adjourn the meeting at 11:25 a.m. Vote: The motion passed unanimously; with 65 votes in favor.

WHEREAS, the Housatonic Resources Recovery Authority (hereinafter referred to as the "<u>Authority</u>") was established and created in July, 1986 for the purpose of being the regional resource recovery authority for such member municipalities which, by concurrent ordinance, adopt the provisions of Connecticut General Statutes Chapter 103b; and

WHEREAS, the Town of \_\_\_\_\_\_ (the "<u>Town</u>") adopted the provisions of Connecticut General Statutes Chapter 103b by ordinance dated \_\_\_\_\_\_\_ (as amended, the "<u>Concurrent Ordinance</u>"), as more particularly set forth in the Code of the Town of \_\_\_\_\_\_, Connecticut as [Chapter] \_\_\_\_\_, [Article] \_\_\_\_\_, and thereby designated the Authority as the regional resource recovery authority for the Town; and

WHEREAS, the Concurrent Ordinance provides that the Authority shall operate with 100 voting units assigned to member municipalities in proportion to each municipality's share of the total population of all members of the Authority, and, with certain exceptions, all actions by the Authority require the affirmative vote of at least 51% of the total voting units present and voting at a duly called meeting at which a quorum is present; and

WHEREAS, the Authority has determined that the needs of the member municipalities may be better served if each municipality has an equal say in the operation of the Authority, and has recommended that decisions of the Authority be changed to be made on a "one town, one vote" basis; and

WHEREAS, in order to implement a change to the voting structure of the Authority, all of the member municipalities must agree to the same structure.

NOW THEREFORE, BE IT RESOLVED that the [Board of Selectmen][Town Council] does hereby support a change in the voting structure of the Authority to a "one town, one vote" basis; and

RESOLVED, that the [First Selectman][Mayor] is authorized to work collaboratively with the other member municipalities to propose revisions to the Concurrent Ordinance that would (i) provide for a "one town, one vote" basis for decisions of the Authority; (ii) establish that for routine decisions of the Authority, (A) a quorum consists of greater than fifty percent (50%) of the member municipalities and (B) actions by the Authority require the affirmative vote of greater than fifty percent (50%) of members present and voting, and (iii) a vote of greater than two-thirds (2/3) of member municipalities, without regard to a quorum, be established as necessary for material decisions of the Authority, including modification of the bylaws of the Authority, admission/termination of membership to the Authority, and such other decisions as the member municipalities may agree; and

RESOLVED, that the Concurrent Ordinance shall not be modified until such time as (i) the [Board of Selectmen][Town Council] has affirmatively voted on an amendment thereto and (ii) all of the other member municipalities have also adopted a revised concurrent ordinance substantially similar to and consistent with the within resolution.
