

metroKEY download instructions

1. Open

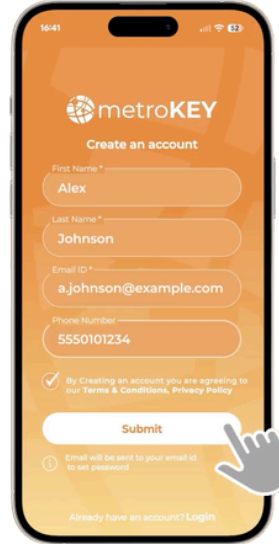

- App store (iPhone)
- Google play (Android)

2. Click “search” & enter “metroKEY”

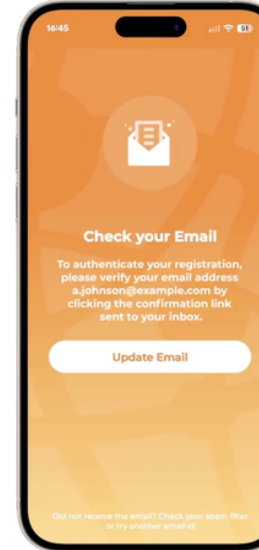

3. “Get” metroKEY app

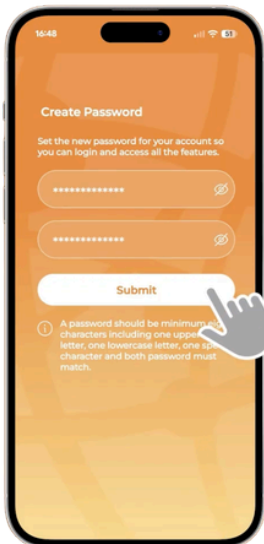

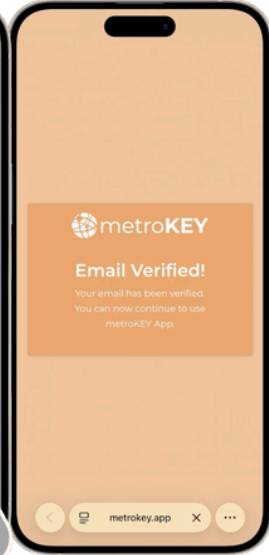

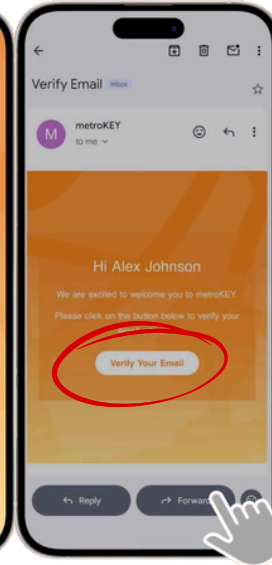

4. Registration: Open the app & tap “Register” to begin creating your account.

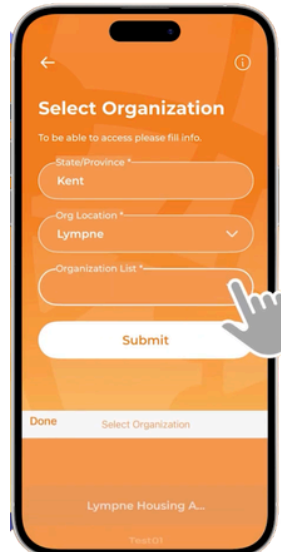

5. Enter Your Account Details. Be sure your email address is correct for account verification.

6. Verify Your Email: Check your inbox for a metroKEY email, then tap “Verify your email”. Return to the app to continue. If you don’t see an email check your JUNK or SPAM folders.

7. Create your password: After verifying your email, set a secure password to complete your account setup.

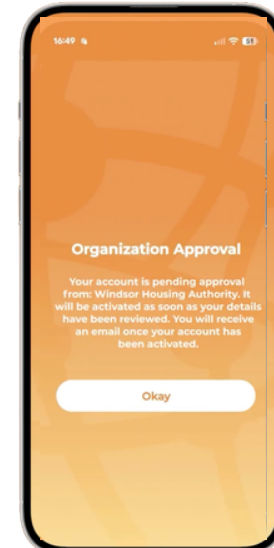

8. Complete your profile:

On iPhone

Tap each field to select your State, Town & Organization. Press “Done” after each to save selection. Then enter your ZIP code & address to finish this step.

On Android

Tap each field to open the drop down & select your State City & Organization, then enter your ZIP code and address.

9. Approval is required. Please allow two business days to access app.
